Applications:

- Lawn & Garden
- Household
- Automotive
- Marine
- Recreational Vehicle
- Industrial

Customers that have tested multiple 28MM Sprayers say the Dynasty Sprayers are the most intuitive, easiest to use on the market. The simple toggle on/off switch, operated with your thumb, controls the water flow with one hand. The red side valve is easy to locate and turns on/off the product flow. Minimal instructions are required with these simple consumer-friendly controls!
